Card Stock **Basic Black, Basic White**
DSP **Modern Christmas, Gold Foil**
Ink **Tuxedo Black Memento**
Stamps **Ornamental Christmas, Sign Design,**
And Words Of The Season
Misc. **Gold Foil Star, Sign Punch**

Card Base:

Basic Black **4 ¼ by 11 inches, scored at:**
2, 3 ¾, 5 ½, 7 ¼, and 9 inches

Basic White **4 ⅛ by 1 ¾ inches - cut 2**
2 strips - ¾ by 1 ½ inches, score ¾ in.
DSP **4 ⅛ by 1 ⅝ inches - cut 4**
4 ⅛ by 1 ⅞ inches - cut 2

**Fold the card base on the 5 ½ score line. Fold the two ends
Of the card back on the 2 inch and the 9 inch score line.**

**With Tear and Tape or Liquid Glue adhere the 2 inch panels
together - yes, the card will not open!!! Don't let this throw
you!**

**Adhere the DSP mats to the panels of the card base. Be sure
to adhere the larger 2 mats to the the panels we just glued
together.**

**Stamp images and verse on the two basic white mats. Also,
Stamp the image for the punch on scrap of white card stock.**

Adhere the two white mats to the front and back of the 2” wide panels glued together.

Fold the two small white pieces in half, and glue each next to the score line as seen in video.

Adhere the gold star to the small white pieces with glue, allowing the star to appear like it’s floating.

Take a black punched piece and cut in ½ horizontally, then glue to the top and bottom of the white sign punch.

Carefully adhere the sign to the front of the gold star with dimensionals, being sure your dimensionals do not stick to the DSP mats underneath.

This card will fold flat and go into a regular sized envelope from Stampin’ Up.
